COMMUNICATION GUIDELINES- Do's & Dont's

Extending the Freedom Dental Health Brand Voice

DO'S ✓

- **Use you-focused language:** *"We're here for your health and smile"*
- **Lead with patient benefit:** *"Enjoy hassle-free visits that put you first."* Speak to the patient's benefit first rather than business impact.
- **Keep tone warm and inclusive:** *"Together, we'll care for your smile, and your health"*
- **Clear call to action:** *"Schedule your visit," "See how we can help you"*

DONT'S ✗

- **Avoid service-first language:** *"We offer implants"* instead of what the patient is gaining.
- **Choice of Words:** Skip technical jargon and heavy clinical terms
- **Avoid one-size-fits-all phrasing:** For retirees, avoid overly brisk or trendy language.
- **Don't overuse stock imagery:** Too many generic smiling faces reduce authenticity
- **Don't use fear-based or urgent tones:** *"Don't wait until it's too late!"*
